PLANS ARE MADE FOR CENTENNIAL

Executive Committee is Appointed to Have General Charge and Features are Determined

A QUEEN IS TO BE ELECTED

Home Coming Will be Held and Big Parade Arranged—Decorative Scheme is Also Announced

Definite features for the Rush county Centennial, Home Coming and Fall Festival here the week of October 9 were decided on and an executive committee was appointed to take complete charge, at the meeting of citizens in the council chamber last night.

The executive committee will meet not later than Monday night to appoint sub committees who will take charge of the various features which will be adopted.

Some of the things which were decided on last night were:

A display of all the old relics in Rush county which can be obtained, in the store windows of the city—and in case of a surplus, show them in the corridors of the court house.

The election of a centennial queen by popular vote, the result and crowning of the queen to be announced on the closing day, Friday, October 13.

Home coming on Thursday, with a special effort to be made to bring in all of the very old people of the county.

Centennial parade, with the floats running as nearly as possible to the central idea of the occasion.

Special free attractions, to show during the week, and amusement concessions.

Special centennial speakers.

Special decorative scheme in business district, with booths. Each pedestal light to be made to represent a corn shock. Red, white and blue to be official decorating colors.

The first definite step in the direction of the fall event was the appointment of a committee last night to take charge of the Centennial Queen contest. R. E. Harrold, John Rutledge, and Hugh Mauzy were named and it was announced today that nominations for the contest would be received at once.

It costs nothing to nominate. There will be a blank, beginning tonight, in every edition of the Daily Republican and the Daily Jacksonian up until and including next Friday night. All that is necessary to nominate is to cut out the blank from the newspaper, fill it out and mail it to the Centennial Contest Queen committee, the Daily Republican or the Daily Jacksonian, according to which newspaper from which the coupon is clipped. The nominations will close Saturday night, September 16, at six o'clock.

Those at the meeting last night were unanimously in favor of the booths as one means of decorating. The suggestion was also advanced that the booths formed an ideal place for merchants to make displays, as well as convenient resting places for visitors.

The display of relics in the store windows was advanced as one of the best methods of emphasizing the centennial idea. It was stated by many that the exhibits in the windows would be better than collecting them all in one place. If there are more than enough relics to fill the windows, the surplus can be exhibited in the corridors of the court house.

John A. Titworth, county centennial chairman appointed by the Indiana Historical commission, which is in official charge of the centennial, was present and explained the many ideas that have been carried out at

CERTIFICATES TO BE FILED

Nominees Must Act Even if There Was a Primary Election

Republican county Chairman Fon Riggs has been instructed by the state committee to file with the governor of the state certificates of nomination for county, district, legislative, senatorial and judicial candidates, just the same as if there had not been a primary, not more than 60 days nor less than 20 days before election. Similar certificates must be filed with the clerk of the circuit court not more than 60 or less than 15 days before election. The law committee advises the state committee that the attorney general will make this sort of a ruling.

TWO BOYS ADDED TO MISSING LIST

Lester Parks and Jacob Stout, Step-brothers, Draw \$30 From Bank and Depart Friday

NO TRACE OF HEADLEE BOY

Two more boys have been reported to the police as missing. The boys are Lester Parks and Jacob Stout, step-brothers, whose parents, Mr. and Mrs. Albert Stout, reside on the Owen L. Carr farm, west of the city. The Parks boy is sixteen years old and the Stout boy is twenty years old.

The boys left home yesterday and Mrs. Stout believes they went to the home of the Parks boy's sister in Arcadia, Ind. It was found that he had drawn thirty dollars from the bank, but as he did not take all the money he had on deposit, the officers are led to believe they will return. Both boys also had some money coming for work done on the farm.

The police have received no trace of Emerson Headlee, who left home Wednesday afternoon.

TWO MOTIONS TO DISMISS ARE FILED

R. T. Van Valkenburg Says His Effort to Sell Patent Right Doesn't Constitute Offense

SIX NEW TALESMEN NAMED

Judge Sparks ordered six names drawn from the jury box today to fill vacancies on the petit jury. Some of the original members have been excused and the new names are to complete the panel. The following is the list drawn today: E. B. Vickery, Union township; Alva E. Newsom, Ripley; Ross Smith, Noble; Joseph Clawson, Rushville; Elmer Hungerford, Orange and Joseph Green, Anderson.

Written motions to dismiss were filed in two criminal cases. The first was in the case of R. T. Van Valkenburg, charged with the unlawful sale of patent right. It is alleged in the motion to quash that the action as set forth does not constitute an offense. It is alleged in the indictment that he attempted to sell a patent right to Cyrus Hilligoss without first having the papers on file in the clerk's office.

The other motion to dismiss came in the case against James Draper, charged with assault and battery with intent to kill. It is alleged that the affidavit was filed in vaca-

tion contrary to law.

Leo Stack of Indianapolis was a business visitor in this city yesterday.

'WARTAX' PUT ON NOTES REPEALED

Banks and Others Today Discontinue Use of Stamps on all Legal Papers

EFFECTIVE LAST MIDNIGHT

No Longer Needed on Freight and Express Bills, Phone Calls or Cosmetics

Although they had no official order direct from headquarters, local banks and trust companies and others who were hit by schedules A and B of the so called "war tax," today discontinued the use of the stamps because of announcement received in Indianapolis last night by Peter J. Kruyer, internal revenue collector, that the repeal of the schedules became effective on midnight of September 8.

The Rushville Co-operative Telephone company received word this morning from the state telephone association that the stamps need no longer be used on long distance calls of 15 cents or more, and that no official order would likely be sent out.

The internal revenue collector's office is depending on the publicity given the repeal in the newspapers to notify all users of stamps under these schedules. There are a number of other schedules under the "war tax" which are still in force.

The repeal of the two schedules was a part of the revenue measure which passed congress about the close of the session.

None of the banks or trust companies had any word this morning, but all discontinued the use of the stamps because of the information in the morning newspapers. The Rushville National bank's Cincinnati correspondent had warned the bank that the stamps could be discontinued after today.

Schedule A includes stamps which have been placed on promissory notes, bonds, express and freight bills, certificates or stock, telegraph and telephone messages, conveyances, insurance policies, powers of attorney, proxies, protests and parlor car seats. Schedule B covers such cosmetics as perfumes, toilet water, hair oils and dyes, tooth washes and pastes, talcum powder, chewing gum and its various substitutes.

Telephone and telegraph companies should make their reports for the month of September up to and including Sept. 8 and should remit with these reports 1 cent for each message or conversation for which a charge of 15 cents or more is made," said a deputy of the Indianapolis office.

"Those having unused documentary or proprietary stamps are asked to retain them until definite instructions as to the redemption plan can be announced through the press. The new law has many features on which we have no definite information at this time, but as soon as we are advised as to the full details of the measure we will give it as wide a publicity as possible.

BABY CONTEST ENDS.

(By United Press.) Richmond, Ind., Sept. 9.—His majesty or her highness, the most perfect baby in this city was to be announced here today at the close of Richmonds first perfect Baby contest in which more than 180 children were entered.

The police were misinformed yesterday as to the owner of the cow taken up near the city park. The cow was owned by J. F. Miller. Mr. Miller's middle name is Foster and this probably accounts for the police obtaining his name as Forest.

EDUCATION LAW IS EXPLAINED

Attendance Officer Speaks to Preliminary Institute of Township Teachers Today

CITY TEACHERS MEET TOO

All Children 6 Years Old Before Christmas May Start in Township Schools Now

All children who will be six years of age before Christmas will be eligible to start to school at this time in the schools of the townships, according to announcement made today at the preliminary institute for township teachers held in the court house assembly room.

This has been the custom in years past and will again be followed. Under the law the teachers are not compelled to accept pupils who are not six years of age, but a medium has been struck in this county and pupils who will be six years old before Christmas will be accepted.

This is not possible in the city schools as they have a mid-year promotion where the country schools have only one promotion and it is impossible to start new classes in the middle of a school year.

Attendance Officer James Miller explained the compulsory education law to the teachers and explained his duties as an official of the county connected with the schools. County Superintendent George in a brief talk set out the general plan for the school year and asked for the co-operation of the teachers.

While the township teachers were meeting in the court house the city teachers were holding their first institute of the year at the Graham school building.

The attention of Superintendent George was drawn to the fact that other counties do not hold their final examination on the same day with Rush county and as a result the pupils in many cases get hold of the list of questions before taking the test. It was announced that this problem was being given attention by the state board and an order was expected shortly compelling all county superintendents to hold the examinations on the same day. This condition has been prevalent in the northern part of the county for some time and the teachers in this section of the county registered a general complaint today. Mr. George promised to take the matter up at once.

Manual training was discussed by C. C. Richey of the Milroy schools and B. Farthing of New Salem talked on agriculture at the morning session. The subject of reading was given considerable attention. E. F. Marlatt discussed the subject in a general way and Miss Jessie Jeffry talked on its functions. The methods of teaching reading were discussed by Miss Ethel Flint.

W. E. Wagoner outlined the recent school laws as enacted by the general assembly and urged the teachers to become acquainted with all laws dealing with their profession. The general discussion on this subject was lead by R. H. Glenn. The afternoon session was devoted largely to the topic of "Civic Biology," W. O. Fox, Harry Mahin, Mrs. Margaret Morton and Ralph Fox taking part in the program.

REMOVE FIRE ALARM BOXES.

Minneapolis, Minn., Sept. 9.—Fire alarm boxes were removed from a portion of the foreign districts here today because the men fight such a lot and scare the women so badly that they turned to the boxes as the first official instrument with which to summon help.

ASKS \$100 SUPPORT MONEY

Mrs. Nellie A. Martz Brings Action Against Husband, O. E. Martz

Mrs. Nellie A. Martz filed suit this afternoon for support against Orie E. Martz. Mrs. Martz asks for the sum of \$100 and an allowance of \$8 a week. She claims that he deserted her and failed to make provision for her and the children. Mrs. Martz says he is earning \$20 in the photography business in Huntington, Ind. The complaint states that Martz is a big strong healthy man weighing 225 pounds and capable of supporting his wife. He has an action for divorce pending in the circuit court. Mrs. Martz says she recently underwent an operation and is not able physically to work.

ANSWERS CHARGE OF EXTRAVAGANCE

Attorney General Says it Was Necessary to Correct Parsimonious Policy

MAKES REPLY TO GOODRICH

(By United Press.) Greenastle, Ind., Sept. 9.—Declaring that James P. Goodrich, Republican candidate for governor, "has been the victim of some political acrobats," Attorney General Stotsenburg today delivered here the state administration answer to the Republican charges of extravagance. Goodrich's first speech relating to state finances was made here.

Referring to the charge of Goodrich that expenditures during Governor Marshall's term exceeded those of Governor Hanly's term by \$1,254,290.08 per annum, Stotsenburg said this expenditure was necessary "to correct as far as possible the parsimonious policy of the Republicans towards the schools and institutions of the state."

MINE HEAD KILLED; ROBBED OF \$12,000

Lee Rankin Held up Near Martinsferry, O., Today While Carrying Company's Pay Roll

BANDITS ESCAPE IN AN AUTO

(By United Press.) Martinsferry, O., Sept. 9.—Lee Rankin, superintendent of the Florigence mines of the Youghiogheny Coal company here, was held up by two auto bandits today, robbed of \$12,000 and shot and killed.

Rankin was in a taxi driven by Oliver Pickens. The money was the weekly pay roll of the miners. The hold-up occurred under a grade in thickly-wooded country between this city and the mines, about 3 miles out, just before noon.

Two foreigners ordered Pickens to stop. Rankin who was armed immediately suspected a hold-up and jumped out of the taxi. He was eight feet from their machine when one of the bandits shot him in the back. The bullet severed an artery. The highwaymen, covering the driver, grabbed the money Rankin had in a bag and sped away into the hills.

Rankin died as he was being lifted from the car to be taken to a hospital here, having bled to death. Sheriff Butler and Chief of Police Highland commanded five autos, loaded the entire police force of Martinsferry and a number of armed citizens into cars and sped away in pursuit.

GERMANS PUT ON DEFENSIVE

French Are Steadily Winning Back Lost Ground in Verdun Battle, Now 201 Days Old

GERMANS MUST SEND HELP

Russian General Says Demoralized Austrians Need Aid Badly—Romanians Shifted

(U. P. Staff Correspondent.)

BY HENRY WOOD

With the French Armies at Verdun, Sept. 9.—The Germans are now entirely on the defensive in the Verdun battle.

The great battle which began 201 days ago has now entered its third and final stage. The French are steadily winning back their lost positions. The battle will gradually die out like an extinct volcano.

It has now been learned definitely that the Germans were forced to remove huge quantities of artillery from Verdun to the Somme front three weeks ago to meet the new Anglo-French offensive. This had an immediate effect upon the morale of the remaining men.

By WILLIAM PHILLIP SIMMS

(U. P. Staff Correspondent.) The only representative of any press association or newspaper at the czar's headquarters.

Imperial Headquarters, Russian army, Sept. 9.—Germany must send 400,000 men to the aid of the demoralized Austrians if it is hoped to stiffen their resistance. General Andrew Alexieff, chief of the staff of Emperor Nicholas, told the United Press today.

Furthermore German troops must provide the driving power if Von Hindenburg attempts the great eastern offensive talked about in Berlin.

The Austro-Germans can not count upon the Turks for substantial aid, said the man who directs the movements of the Russian millions of troops. The Turks can send no more than 40,000 men to support their Teutonic allies.

TO CHECK INVASION

(By United Press.) Bucharest, Sept. 9.—The Roumanian general staff has shifted a large force to the southeastern frontier to check the German-Bulgarian invasion.

It was semi-officially announced today that important forces are now co-operating with the Russians in Dobrubja. A further retirement may be necessary both because this territory is difficult to defend and because the enemy has massed great forces on that front. But military authorities declared their confidence today that the enemy will be unable to throw any large forces across the Danube for an advance on Bucharest.

COMES BACK FOR RETRIAL

Suit of Herkless vs. Keller Construction Co., Absent 3 Years

The damage suit of Arvel R. Herkless and Ora Herkless against the Julius Keller Construction company and the City of Rushville, has been placed back on the court docket, after an absence of three years. The case was recently reversed by the supreme court and sent back for another trial. The demand is \$3,000 and in the first trial Herkless obtained a judgment for \$2,000. The suit has attracted wide attention. Herkless alleges that some sidewalk work he was doing was damaged by the Keller firm while putting in the sanitary sewer.

Webster's Shorter Dictionary is recommended for the fourth year. This book is a standard one and will last through the grades. Do not buy the cheap dictionaries. The above book costs 60¢.

All grade pupils living east of Morgan Street will go to the Graham Annex Building. Those south of Fifth Street and west of Morgan will go to the Havens School. Those north of Fifth and west of Morgan street will go to the Jackson School. This applies to pupils belonging to the first five grades. There will be two Sixth grades, one at the Jackson School, the other at the Graham Annex. The dividing line is Sixth street.

The books for the Eighth grade are:—English Grammar, Complete Arithmetic, U. S. History, Centennial Speller. This class should bring the books used last year.

An error was made in stating yesterday that Mr. and Mrs. Eddie Wolter and family are moving to Connerville. They will remain here.

Fon Riggs has been appointed a director of the Rush County National bank, made vacant by the death of W. E. Havens, until the annual election next January.

Members of Dr. Gilbert's class of the Christian Sunday school are urged to be present at the rally Sunday morning at 9:15 o'clock. Homer Cole is the teacher of the class now.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed."

You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. NCB⁴

Injects New Issue.

Charles E. Hughes spoke right out in meeting again at Lexington, Ky., following his first denunciation of the railway wage law at Nashville. "We have a new spirit abroad in these recent days in America," said Mr. Hughes. "It is the spirit that demands legislation in advance of investigation. It is the spirit that demands Executive action and Legislative action in advance of an examination of the facts on which such action should be based. It is the spirit which says 'Legislate now and investigate afterwards.' It is the spirit of force. It is not American." Mr. Hughes does not propose to permit the American public to forget that President Wilson has betrayed the cause of arbitration, and sacrificed fundamental principle of Americanism to the fancied promotion of his own political fortunes. That by his course Mr. Hughes has injected a new and a powerful issue into the campaign

is the conviction of New York observers, both partisan and non-partisan. "Any party which surrenders fundamental principles to the exigencies of the hour is courting defeat," declared Senator Underwood, debating the deficiency revenue bill. Mr. Underwood was discussing the clause increasing the duties on dye-stuffs, but he might equally as well have been referring to Mr. Wilson's betrayal of the cause of arbitration. Indeed, had he been his words would have been still more applicable.

"More laboring men have bought and paid for homes under the Underwood bill than during any similar time under the highest protective tariff ever known in this country," said Representative Cox of Indiana, in his speech on the Democratic omnibus revenue measure. "More laboring men have bought and paid for automobiles during the history of the Underwood bill than was ever known in the history of this industry." Admitting, for the sake of argument, that Mr. Cox's statement is true, what did the Underwood bill have to do with it? Imports increased, but revenues fell off, and resort was had to internal taxation to make up the deficit. How did that assist the laboring men to build homes or buy automobiles. The cost of living has increased beyond all precedent, despite Democratic promises that lower duties meant lower prices. How did that benefit the laboring men? Prior to the outbreak of the European war 5,000,000 laboring men were out of jobs in the United States. Did that induce them to buy homes and automobiles? If so, with what? How many found refuge in the Hotel da Gink, or on the park benches? How many rode the bumpers or the trucks?

CHRISTIAN SCHOOL WILL HOLD RALLY TOMORROW

The Main Street Christian Bible school will hold its fall rally tomorrow morning at 9:15 o'clock. The workers who have arranged the details of the program are anticipating a large attendance and splendid interest, for the rally will also celebrate the return of the Rev. and Mrs. C. M. Yocom, and all departments are expected to take on new life. Everyone is cautioned to remember that the hour Sunday morning is 9:15 instead of 10.

The program will include among its features a reading by Jess Pugh, who has just returned home for a short vacation. Another number will be a selection entitled, "Grossmutterchen," by an instrumental quartet, consisting of violin, clarinet, cello and piano. Very able teachers are in charge of all of the classes and the department superintendents are exerting every effort to elevate the standards of their departments.

With The Churches

The regular services will be conducted Sunday by the First Baptist church at the court house assembly room. Bible school at 9:30; preaching at 10:30, subject "Things Unseen"; preaching at 7 o'clock, subject, "Evil Communication." Both sermons by the pastor, the Rev. S. G. Huntington.

Regular services Sunday at St. Paul's M. E. church as follows: Sunday school at 9:30 a. m.; preaching by the pastor the Rev. W. M. Whitsitt, at 10:30 a. m. and 7:30 p. m.; Epworth League at 6:30 p. m., at which time a rally day program will be given. The mid-week prayer meeting service Thursday evening at 7:30 o'clock.

other county celebrations. The meeting selected those which it was thought would be the most feasible for local use.

The centennial parade is expected to supplant the industrial parade which has been held in previous years here. Many ideas that could be worked into a float were expressed last night.

Thursday was picked as home coming day last night. Special efforts will be exerted by the committee which will be appointed to bring back home many former Rush county people who live in counties in this section of the state. One feature of this day that was decided on last night was to make every effort to bring in all of the real old people of the county.

Centennial speakers may be obtained through the Indiana Historical commission, County Chairman Titsworth announced. The commission has a list of fifty speakers who have offered their services for such occasions.

It was the sense of the meeting it would be entirely fitting to lend a seasonable atmosphere by using corn stalks in the decorations. Stalks will be arranged around each decorative pedestal lamp post to represent a corn shock. Pumpkins will also be used to advantage in the decorations.

Walter Easley was appointed to confer with George H. Dunn of Greensburg and co-operate with him in bringing concessions here for the week. Decatur county's centennial will be held the week immediately following Rush county and it was believed that better attractions and concessions, as well as better terms, could be arranged for by obtaining the same things for both places.

The executive committee which will meet at once to name the sub-committees is composed of the following men:

Will M. Bliss, chairman; A. Bogue, secretary; Walter Hubbard, treasurer; F. E. Wolcott, Walter Easley, E. J. Knecht, Paul Allen and John A. Titsworth.

Receipts and Suggestions That Are Helpful to The Housekeepers

LOOKS LIKE BAHIA BELLES NUMBER SKIRTS BY CHURCHES

Margaret Mason Says Brazilian Women Seem to Run to This Particular Garment and the Men Just Run After Them— Bahian Bonnet Makes Our Picture Hat or Erstwhile Merry Widow Look Like a Pill Box.

BY MARGARET MASON.
(Written for United Press.)

In Bahia, Brazil
The fashions are nil.
Each wears what she will
And it's "comme il faut" still.
Some beads and a shawl
Are quite jaunty withal;
And a smile's very nice
For they never have ice.

Bahia, Brazil, Aug. 8. (By Mail to New York)—There are 365 churches in Brazil and it looks like some of the Bahian belles number their skirts by the sacred edifices. Paris and New York have nothing on Bahia when it comes to that "hoops, my dar" effect.

The women seem to run to skirts, whereas the men just run after them. This bouffant nether effect, topped off with a nifty little combing jacket and gayly hued shawl draped carelessly over the left shoulder is considered a toilette de luxe in Bahia.

The styles are a bit extreme in this Brazilian port, however. Where some petticoats seem numberless, yet again some seem to number less than nothing. Their motto seems to be "If you must do it, go the limit." If you must skirt the properties do a good job and call it a dozen.

If you must wear a hat, wear a HAT. The Bahian bonnet certainly makes our alleged picture or garden hat or our erstwhile Merry Widow look like a pill box.

Even in motoring, these huge straw or shirred chiffon hats are vaunted and flaunted.

On the other hand, or rather, head, a bandanna suffices, or the week's wash or the family firewood. I even actually saw one toting a neatly balanced coffin.

Twoud seem that everything goes to the head in Bahia—even the fauna.

A chie and very popular effect in

an afternoon hat is an osier basket heaped high with green bananas. Where have we anything on the Bahian belles with our fruit trimmed chapeaux of this summer I'd like to know?

The fruit woman on the corner, with her fruit basket piled high with mangoes, pineapples and oranges knows not the terror of a milliner's bill. She deftly hoists her stock in trade and in basket to the top of her coiffure and moves on to the next stand, or rather, squat.

The color line is drawn neither in fashions nor in families in Bahia. Out of a population of about 200,000 about 150,000 are fast black and the rest a bit shady. They seem especially adapted to mourning effects and even the babies are matched up with sable garments at the slightest bereavement.

For the short trousered and short skirted, young socks are quite the rage and a neat and original touch is obtained by wearing the Boston garter in the open.

The scented and gold tipped cigarettes of our effete New York and London Lady Nicotines are spurned in Bahia. Here again their motto prevails. If you smoke, smoke a real smoke. Hence, short back cigars and fat black pipes are smoked.

As for us maids as we took launch back to the good ship Verdi, most of us were wearing marmoset fur in the rough—so very rough indeed that this morning we were wearing marmoset bites. These tiny little chattering monkeys are exterminated as pests in Bahia or else sold to guideless tourists for a dollar apiece. The tourists all bite and so do the marmosets.

Thus do we bear away the mark of Bahia simply by carrying Bahian monkey business on board.

The Young Ladies Missionary Circle will meet Monday night in the parlors of the Main Street Christian church.

PLANS ARE MADE FOR CENTENNIAL

Executive Committee is Appointed to Have General Charge and Features are Determined

A QUEEN IS TO BE ELECTED

Home Coming Will be Held and Big Parade Arranged—Decorative Scheme is Also Announced

Definite features for the Rush county Centennial Home Coming and Fall Festival here the week of October 9 were decided on and an executive committee was appointed to take complete charge, at the meeting of citizens in the council chamber last night.

The executive committee will meet not later than Monday night to appoint sub committees who will take charge of the various features which will be adopted.

Some of the things which were decided on last night were:

A display of all the old reliques in Rush county which can be obtained, in the store windows of the city—and in case of a surplus, show them in the corridors of the court house.

The election of a centennial queen by popular vote, the result and crowning of the queen to be announced on the closing day, Friday, October 13.

Home coming on Thursday, with a special effort to be made to bring in all of the very old people of the country.

Centennial parade, with the floats running as nearly as possible to the central idea of the occasion.

Special free attractions, to show during the week, and amusement concessions.

Special centennial speakers.

Special decorative scheme in business district, with booths. Each pedestal light to be made to represent a corn shock. Red, white and blue to be official decorating colors.

The first definite step in the direction of the fall event was the appointment of a committee last night to take charge of the Centennial Queen contest. R. E. Harrold, John Rutledge, and Hugh Mauzy were named and it was announced today that nominations for the contest would be received at once.

It costs nothing to nominate. There will be a blank, beginning tonight, in every edition of the Daily Republican and the Daily Jacksonian up until and including next Friday night. All that is necessary to nominate is to cut out the blank from the newspaper, fill it out and mail it to the Centennial Contest Queen committee, the Daily Republican or the Daily Jacksonian, according to which newspaper from which the coupon is clipped. The nominations will close Saturday night, September 16, at six o'clock.

Those at the meeting last night were unanimously in favor of the booths as one means of decorating. The suggestion was also advanced that the booths formed an ideal place for merchants to make displays, as well as convenient resting places for visitors.

The display of reliques in the store windows was advanced as one of the best methods of emphasizing the centennial idea. It was stated by many that the exhibits in the windows would be better than collecting them all in one place. If there are more than enough reliques to fill the windows, the surplus can be exhibited in the corridors of the court house.

John A. Tittsworth, county centennial chairman appointed by the Indiana Historical commission, which is in official charge of the centennial, was present and explained the many ideas that have been carried out at

CERTIFICATES TO BE FILED

Nominees Must Act Even if There Was a Primary Election

Republican county Chairman Pon Riggs has been instructed by the state committee to file with the governor of the state certificates of nomination for county, district, legislative, senatorial and judicial candidates, just the same as if there had not been a primary, not more than 60 days nor less than 20 days before election. Similar certificates must be filed with the clerk of the circuit court not more than 60 or less than 15 days before election. The law committee advises the state committee that the attorney general will make this sort of a ruling.

TWO BOYS ADDED TO MISSING LIST

Lester Parks and Jacob Stout, Step-brothers, Draw \$30 From Bank and Depart Friday

NO TRACE OF HEADLEE BOY

Two more boys have been reported to the police as missing. The boys are Lester Parks and Jacob Stout, step-brothers, whose parents, Mr. and Mrs. Albert Stout, reside on the Owen L. Carr farm, west of the city. The Parks boy is sixteen years old and the Stout boy is twenty years old.

The boys left home yesterday and Mrs. Stout believes they went to the home of the Parks boy's sister in Arcadia, Ind. It was found that he had drawn thirty dollars from the bank, but as he did not take all the money he had on deposit, the officers are led to believe they will return. Both boys also had some money coming for work done on the farm.

The police have received no trace of Emerson Headlee, who left home Wednesday afternoon.

TWO MOTIONS TO DISMISS ARE FILED

R. T. Van Valkenburg Says His Effort to Sell Patent Right Doesn't Constitute Offense

SIX NEW TALESMEN NAMED

Judge Sparks ordered six names drawn from the jury box today to fill vacancies on the petit jury. Some of the original members have been excused and the new names are to complete the panel. The following is the list drawn today: E. B. Vickery, Union township; Alva E. Newsom, Ripley; Ross Smith, Noble; Joseph Clawson, Rushville; Elmer Hungerford, Orange and Joseph Green, Anderson.

Written motions to dismiss were filed in two criminal cases. The first was in the case of R. T. Van Valkenburg, charged with the unlawful sale of a patent right. It is alleged in the motion to quash that the action as set forth does not constitute an offense. It is alleged in the indictment that he attempted to sell a patent right to Cyrus Hilligoss without first having the papers on file in the clerk's office.

The other motion to dismiss came in the case against James Draper, charged with assault and battery with intent to kill. It is alleged that the affidavit was filed in vain contrary to law.

Leo Stack of Indianapolis was a business visitor in this city yesterday.

'WAR TAX' PUT ON NOTES REPEALED

Banks and Others Today Discontinue Use of Stamps on all Legal Papers

EFFECTIVE LAST MIDNIGHT

No Longer Needed on Freight and Express Bills, Phone Calls or Cosmetics

Although they had no official order direct from headquarters, local banks and trust companies and others who were hit by schedules A and B of the so called "war tax," today discontinued the use of the stamps because of announcement received in Indianapolis last night by Peter J. Kruger, internal revenue collector, that the repeal of the schedules became effective on midnight of September 8.

The Rushville Co-operative Telephone company received word this morning from the state telephone association that the stamps need no longer be used on long distance calls of 15 cents or more, and that no official order would likely be sent out.

The internal revenue collector's office is depending on the publicity given the repeal in the newspapers to notify all users of stamps under these schedules. There are a number of other schedules under the "war tax" which are still in force.

The repeal of the two schedules was a part of the revenue measure which passed congress about the close of the session.

None of the banks or trust companies had any word this morning, but all discontinued the use of the stamps because of the information in the morning newspapers. The Rushville National bank's Cincinnati correspondent had warned the bank that the stamps could be discontinued after today.

Schedule A includes stamps which have been placed on promissory notes, bonds, express and freight bills, certificates or stock, telegraph and telephone messages, conveyances, insurance policies, powers of attorney, proxies, protests and parlor car seats. Schedule B covers such cosmetics as perfumes, toilet water, hair oils and dyes, tooth washes and pastes, talcum powder, chewing gum and its various substitutes.

Telephone and telegraph companies should make their reports for the month of September up to and including Sept. 8 and should remit with these reports 1 cent for each message or conversation for which a charge of 15 cents or more is made," said a deputy of the Indianapolis office.

"Those having unused documentary or proprietary stamps are asked to retain them until definite instructions as to the redemption plan can be announced through the press. The new law has many features on which we have no definite information at this time, but as soon as we are advised as to the full details of the measure we will give it as wide a publicity as possible.

BABY CONTEST ENDS.

Richmond, Ind., Sept. 9.—His majesty or her highness, the most perfect baby in this city was to be announced here today at the close of Richmond's first perfect Baby contest in which more than 180 children were entered.

The police were misinformed yesterday as to the owner of the cow taken up near the city park. The cow was owned by J. F. Miller. Mr. Miller's middle name is Foster and this probably accounts for the police obtaining his name as Forest.

EDUCATION LAW IS EXPLAINED

Attendance Officer Speaks to Preliminary Institute of Township Teachers Today

CITY TEACHERS MEET TOO

All Children 6 Years Old Before Christmas May Start in Township Schools Now

All children who will be six years of age before Christmas will be eligible to start to school at this time in the schools of the townships, according to announcement made today at the preliminary institute for township teachers held in the court house assembly room.

This has been the custom in years past and will again be followed. Under the law the teachers are not compelled to accept pupils who are not six years of age, but a medium has been struck in this county and pupils who will be six years old before Christmas will be accepted. This is not possible in the city schools as they have a mid-year promotion where the country schools have only one promotion and it is impossible to start new classes in the middle of a school year.

Attendance Officer James Miller explained the compulsory education law to the teachers and explained his duties as an official of the county connected with the schools. County Superintendent George in a brief talk set out the general plan for the school year and asked for the co-operation of the teachers.

While the township teachers were meeting in the court house the city teachers were holding their first institute of the year at the Graham school building.

The attention of Superintendent George was drawn to the fact that other counties do not hold their final examination on the same day with Rush county and as a result the pupils in many cases get hold of the list of questions before taking the test. It was announced that this problem was being given attention by the state board and an order was expected shortly compelling all county superintendents to hold the examinations on the same day.

This condition has been prevalent in the northern part of the county for some time and the teachers in this section of the county registered a general complaint today. Mr. George promised to take the matter up at once.

Mannual training was discussed by C. C. Richey of the Mirroy schools and B. Farthing of New Salem talked on agriculture at the morning session. The subject of reading was given considerable attention. E. F. Marlatt discussed the subject in a general way and Miss Jessie Jeffry talked on its functions. The methods of teaching reading were discussed by Miss Ethel Flint.

W. E. Wagoner outlined the recent school laws as enacted by the general assembly and urged the teachers to become acquainted with all laws dealing with their profession. The general discussion on this subject was lead by R. H. Glenn. The afternoon session was devoted largely to the topic of "Civics Biology," W. O. Fox, Harry Mahin, Mrs. Margaret Morton and Ralph Fox taking part in the program.

REMOVE FIRE ALARM BOXES.

Minneapolis, Minn., Sept. 9.—Fire alarm boxes were removed from a portion of the foreign districts here today because the men fight such a lot and scare the women so badly that they turned to the boxes as the first official instrument with which to summon help.

ASKS \$100 SUPPORT MONEY

Mrs. Nellie A. Martz Brings Action Against Husband, O. E. Martz

Mrs. Nellie A. Martz filed suit this afternoon for support against Orie E. Martz. Mrs. Martz asks for the sum of \$100 and an allowance of \$8 a week. She claims that he deserted her and failed to make provision for her and the children. Mrs. Martz says he is earning \$20 in the photography business in Huntington, Ind. The complaint states that Martz is a big strong healthy man weighing 225 pounds and capable of supporting his wife. He has an action for divorce pending in the circuit court. Mrs. Martz says she recently underwent an operation and is not able physically to work.

Attorney General Says it Was Necessary to Correct Parsimonious Policy

MAKES REPLY TO GOODRICH

(By United Press) Greencastle, Ind., Sept. 9.—Declaring that James P. Goodrich, Republican candidate for governor, "has been the victim of some political aerobat," Attorney General Stotsenburg today delivered here the state administration answer to the Republican charges of extravagance. Goodrich's first speech relating to state finances was made here.

Referring to the charge of Goodrich that expenditures during Governor Marshall's term exceeded those of Governor Hanly's term by \$1,254,290.08 per annum, Stotsenburg said this expenditure was necessary "to correct as far as possible the parsimonious policy of the Republicans towards the schools and institutions of the state."

MINE HEAD KILLED; ROBBED OF \$12,000

Lee Rankin Held up Near Martins Ferry, O., Today While Carrying Company's Pay Roll

BANDITS ESCAPE IN AN AUTO

(By United Press) Martins Ferry, O., Sept. 9.—Lee Rankin, superintendent of the Florence mines of the Youngs-Henry Coal company here, was held up by two auto bandits today, robbed of \$12,000 and shot and killed.

Rankin was in a taxi driven by Oliver Pickens. The money was the weekly pay roll of the miners. The hold-up occurred under a grade in thickly-wooded country between this city and the mines, about 3 miles out, just before noon.

Two foreigners ordered Pickens to stop. Rankin who was armed immediately suspected a hold-up and jumped out of the taxi. He was eight feet from their machine when one of the bandits shot him in the back. The bullet severed an artery. The highwaymen, covering the driver, grabbed the money Rankin had in a bag and sped away into the hills.

Rankin died as he was being lifted from the car to be taken to a hospital here, having bled to death. Sheriff Butler and Chief of Police Highland commanded five autos, loaded the entire police force of Martins Ferry and a number of armed citizens into cars and sped away in pursuit.

GERMANS PUT ON DEFENSIVE

French Are Steadily Winning Back Lost Ground in Verdun Battle, Now 201 Days Old

GERMANS MUST SEND HELP

Russian General Says Demoralized Austrians Need Aid Badly—Romanians Shifted

(U. P. Staff Correspondent) BY HENRY WOOD

With the French Armies at Verdun, Sept. 9.—The Germans are now entirely on the defensive in the Verdun battle.

The great battle which began 201 days ago has now entered its third and final stage. The French are steadily winning back their lost positions. The battle will gradually die out like an extinct volcano.

It has now been learned definitely that the Germans were forced to remove huge quantities of artillery from Verdun to the Somme front three weeks ago to meet the new Anglo-French offensive. This had an immediate effect upon the morale of the remaining men.

By WILLIAM PHILLIP SIMMS

(U. P. Staff Correspondent) (The only representative of any press association on newspaper at the czar's headquarters).

Imperial Headquarters, Russian army, Sept. 9.—Germany must send 400,000 men to the aid of the demoralized Austrians if it is hoped to stiffen their resistance. General Andrew Alexieff, chief of the staff of Emperor Nicholas, told the United Press today.

Furthermore German troops must provide the driving power if Von Hindenburg attempts the great eastern offensive talked about in Berlin.

The Austro-Germans can not count upon the Turks for substantial aid. The man who directs the movements of the Russian millions of troops, the Turks can send no more than 40,000 men to support their Teutonic allies.

TO CHECK INVASION

Bucharest, Sept. 9.—The Romanian general staff has shifted a large force to the southeastern frontier to check the German-Bulgarian invasion.

It was semi-officially announced today that important forces are now co-operating with the Russians in Dobruja. A further retirement may be necessary both because this territory is difficult to defend and because the enemy has massed great forces on that front. But military authorities declared their confidence today that the enemy will be unable to throw any large forces across the Danube for an advance on Bucharest.

COMES BACK FOR RETRIAL

Suit of Herkless vs. Keller Construction Co., Absent 3 Years

The damage suit of Arvell R. Herkless and Orr Herkless against the Julius Keller Construction company and the City of Rushville, has been placed back on the court docket, after an absence of three years. The case was recently reversed by the supreme court and sent back for another trial. The demand is \$3,000 and in the first trial Herkless obtained a judgment for \$2,000. The suit has attracted wide attention. Herkless alleges that some sidewalk work he was doing was damaged by the Keller firm while putting in the sanitary sewer.

SCHOOL NOTES

(By J. H. SCHOLL)
Webster's Shorter Dictionary is recommended for the fourth year. This book is a standard one and will last through the grades. Do not buy the cheap dictionaries. The above book costs 60c.

All grade pupils living east of Morgan Street will go to the Graham Annex Building. Those south of Fifth Street and west of Morgan will go to the Havens School. Those north of Fifth and west of Morgan street will go to the Jackson School. This applies to pupils belonging to the first five grades. There will be two Sixth grades, one at the Jackson School, the other at the Graham Annex. The dividing line is Sixth street.

The books for the Eighth grade are:—English Grammar, Complete Arithmetic, U. S. History, Centennial Speller. This class should bring the books used last year.

An error was made in stating yesterday that Mr. and Mrs. Eddie Wolter and family are moving to Connerville. They will remain here.

Fon Riggs has been appointed a director of the Rush County National bank, made vacant by the death of W. E. Havens, until the annual election next January.

Members of Dr. Gilbert's class of the Christian Sunday school are urged to be present at the rally Sunday morning at 9:15 o'clock. Homer Cole is the teacher of the class now.

The Epworth League of St. Paul's M. E. church will be held Sunday evening at 6:30. Chauncey Duncan will lead in the discussion of the rally day topic; "The Call to the Colors," Charles E. Parke, the new supervisor of music in the public schools, will play a violin solo.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed."

You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to those.

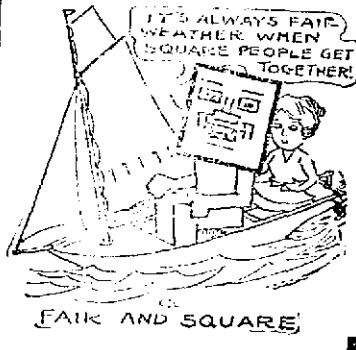

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. NCB!

Injects New Issue.

Charles E. Hughes spoke right out in meeting again at Lexington, Ky., following his first denunciation of the railway wage law at Nashville. "We have a new spirit abroad in these recent days in America," said Mr. Hughes. "It is the spirit that demands legislation in advance of investigation. It is the spirit that demands legislation in advance of investigation. It is the spirit that demands Executive action and Legislative action in advance of an examination of the facts on which such action should be based. It is the spirit which says 'Legislate now and investigate afterwards.' It is the spirit of force. It is not American." Mr. Hughes does not propose to permit the American public to forget that President Wilson has betrayed the cause of arbitration, and sacrificed fundamental principle of Americanism to the fancied promotion of his own political fortunes. That by his course Mr. Hughes has injected a new and a powerful issue into the campaign

is the conviction of New York observers, both partisan and non-partisan. "Any party which surrenders fundamental principles to the exigencies of the hour is courting defeat," declared Senator Underwood, debating the deficiency revenue bill. Mr. Underwood was discussing the clause increasing the duties on dye-stuffs, but he might equally as well have been referring to Mr. Wilson's betrayal of the cause of arbitration. Indeed, had he been his words would have been still more applicable.

"More laboring men have bought and paid for homes under the Underwood bill than during any similar time under the highest protective tariff ever known in this country," said Representative Cox of Indiana, in his speech on the Democratic omnibus revenue measure. "More laboring men have bought and paid for automobiles during the history of the Underwood bill than was ever known in the history of this industry." Admitting, for the sake of argument, that Mr. Cox's statement is true, what did the Underwood bill have to do with it? Imports increased, but revenues fell off, and resort was had to internal taxation to make up the deficit. How did that assist the laboring men to build homes or buy automobiles. The cost of living has increased beyond all precedent, despite Democratic promises that lower duties meant lower prices. How did that benefit the laboring men? Prior to the outbreak of the European war 5,000,000 laboring men were out of jobs in the United States. Did that induce them to buy homes and automobiles? If so, with what? How many found refuge in the Hotel do Gink, or on the park benches? How many rode the bumpers or the trucks?

CHRISTIAN SCHOOL WILL HOLD RALLY TOMORROW

The Main Street Christian Bible school will hold its fall rally tomorrow morning at 9:15 o'clock. The workers who have arranged the details of the program are anticipating a large attendance and splendid interest, for the rally will also celebrate the return of the Rev. and Mrs. C. M. Yoem, and all departments are expected to take on new life. Everyone is cautioned to remember that the hour Sunday morning is 9:15 instead of 10.

The program will include among its features a reading by Jess Pugh, who has just returned home for a short vacation. Another number will be a selection entitled, "Grossmutter-schen," by an instrumental quartet, consisting of violin, clarinet, cello and piano. Very able teachers are in charge of all of the classes and the department superintendents are exerting every effort to elevate the standards of their departments.

With The Churches

+The regular services will be conducted Sunday by the First Baptist church at the court house assembly room. Bible school at 9:30; preaching at 10:30, subject "Things Unseen;" preaching at 7 o'clock, subject, "Evil Communication." Both sermons by the pastor, the Rev. S. G. Huntington.

+Regular services Sunday at St. Paul's M. E. church as follows: Sunday school at 9:30 a. m.; preaching by the pastor the Rev. W. M. Whitsitt, at 10:30 a. m. and 7:30 p. m.; Epworth League at 6:30 p. m., at which time a rally day program will be given. The mid-week prayer meeting service Thursday evening at 7:30 o'clock.

PLANS ARE MADE FOR CENTENNIAL

Continued from Page 1.

other county celebrations. The meeting selected those which it was thought would be the most feasible for local use.

The centennial parade is expected to supplant the industrial parade which has been held in previous years here. Many ideas that could be worked into a float were expressed last night.

Thursday was picked as home coming day last night. Special efforts will be exerted by the committee which will be appointed to bring back home many former Rush county people who live in counties in this section of the state. One feature of this day that was decided on last night was to make every effort to bring in all of the real old people of the county.

Centennial speakers may be obtained through the Indiana Historical commission, County Chairman Titsworth announced. The commission has a list of fifty speakers who have offered their services for such occasions.

It was the sense of the meeting it would be entirely fitting to lend a seasonable atmosphere by using corn stalks in the decorations. Stalks will be arranged around each decorative pedestal lamp post to represent a corn shock. Pumpkins will also be used to advantage in the decorations.

Walter Easley was appointed to confer with George H. Dunn of Greensburg and co-operate with him in bringing concessions here for the week. Decatur county's centennial will be held the week immediately following Rush county and it was believed that better attractions and concessions, as well as better terms, could be arranged for by obtaining the same things for both places.

The executive committee which will meet at once to name the sub-committees is composed of the following men:

Will M. Bliss, chairman; A. Bogue, secretary; Walter Hubbard, treasurer; F. E. Wolcott; Walter Easley, E. J. Knecht, Paul Allen and John A. Titsworth.

BANDS ADD TO SPEEDWAY DIN

Twenty-One Organizations Combine in Effort to Drown Out Noise of Speeding Motors

EXPECT RECORDS TO FALL

(By United Press.)

Indianapolis, Ind., Sept. 9.—Pep and ginger in greater quantities than have marked previous events at the Indianapolis Motor Speedway featured the three short races of the harvest auto racing classic held at the parent speedway today.

With a dash that is impossible with a 500 miles race—the ones usually attempted here prior to today—the three speed events were pulled off in rapid succession while twenty-one Indiana bands added to the din and festivity of the occasion by competing for a glittering prize hung up by the speedway management.

Twenty-two cars started in the 20 mile race, which began at 1:30 p.m.

Dario Resta, as usual, was the favorite—even more so than in the days when Gil Anderson opposed him. The acknowledged stars of the racing world were out after Resta's scalp, however, and with the ups and downs of the racing game in mind sport writers and dopes were wary about making hard and fast predictions.

MANILLA GIRL, 14 YEARS OLD, ELOPES

Miss Mable Wilkes, Daughter of Marshall Wilkes, and James Gally, 22, are Married

WEDDING AT NEWPORT, KY.

Under the pretense of going to the state fair, Miss Mable Wilkes, 14 years old, daughter of Mr. and Mrs. Marshall Wilkes, living two miles north of Manilla and James Gally, 22, living in the same neighborhood, eloped to Newport, Ky. Thursday where they were married.

They went to Indianapolis, fulfilling that part of their statement and then caught the first train out for Newport. The young couple returned home yesterday. It was stated there was no objection to the marriage and that the couple merely desired to surprise their friends. They will reside on a farm near Manilla.

Amusements

The Gem offers the two act comedy "Object Matrimony" for the first picture tonight. Harry C. Myers and Rosemary Theby are featured. The second is a two act drama entitled "The Rose-Colored Scarf." Herbert Rawlinson and Agnes Vernon are featured. The third picture of tonight's program is a comedy "Never Again, Eddie." Eddie Lyons and Lee Moran are featured. The last picture is a human interest drama entitled "The Sea Lily." Thomas Jefferson is featured in this one. Monday, matinee and night the five act feature "The Strength of the Weak," will be shown. It is based upon one of the greatest problem plays ever seen on the screen. Mary Fuller has been chosen to interpret the highly emotional role of Pauline D'Arcy, an orphan girl who has been betrayed by her legal guardian.

The Princess will show the two act drama "A Voice in the Wilderness" for the first picture tonight. Francis Bushman, Irene Warfield and Gerda Holmes are featured. The second is a comedy entitled "Losing Weight." Hughie Mack is featured. The last is a thrilling western drama "The Girl from Gold Gulch." Victoria Ford and Tom Mix are featured. On Monday, matinee and night the five act feature "Dimples" in which Mary Miles Minter is featured will be shown. It is an original story written especially for Miss Minter. She is surrounded by an exceptional cast including Thomas J. Carrigan, William Cawper and many others.

Kentucky Carlsbad Springs Destroys Disease

Why plod along with the army of sufferers when you can find relief by drinking Kentucky Carlsbad Water and join the army of well and happy who have been restored to health by drinking Nature's True Remedy, KENTUCKY CARLSBAD SPRINGS WATER.

We do not make any rash claims for Kentucky Carlsbad Springs Water. There are diseases which it cannot help. There are people in advanced stages of other diseases whom it may help but cannot cure.

We know, however, that hundreds of people afflicted with Bright's Disease, Kidney, Liver, Bladder, and Stomach Trouble, Cataract of the Head and Bowels, and Intestinal Troubles, who have drunk the Water in their own homes, now claim that the cause of their trouble has been removed and their health restored.

We have seen so many cases of this kind and so wonderful have been the effects of Kentucky Carlsbad Springs Water in curing diseases for which it is indicated and so numerous have been the testimonials from sufferers who have been restored to health that we do not hesitate to make the following sweeping guarantee. If you are afflicted with any of the above ailments and will drink Kentucky Carlsbad Springs Water for a period of ten days or two weeks, we or the dealer who sold you the Water, will refund to you all the money you paid for it if you are not satisfied with the results.

All we ask, is that, in fairness to yourself as well as to us, you take it according to directions. Then, whatever you say will be final.

The Kentucky Carlsbad Hotel and Sanitorium at Dry Ridge, Ky. For rheumatism, to be entirely relieved, it is necessary to bathe in the Water at the Springs, as well as to drink it.

Seasonable Ideas Concerning The Fashions That Interest Women

Receipts and Suggestions That Are Helpful to The Housekeepers

LOOKS LIKE BAHIA BELLES NUMBER SKIRTS BY CHURCHES

Margaret Mason Says Brazilian Women Seem to Run to This Particular Garment and the Men Just Run After Them— Bahian Bonnet Makes Our Picture Hat or Erstwhile Merry Widow Look Like a Pill Box.

BY MARGARET MASON.
(Written for United Press.)

In Bahia, Brazil

The fashions are nil.

Each wears what she will. And it's "comme il faut" still.

Some heads and a shawl are quite jaunty withal;

And a smile's very nice.

For they never have ice.

Bahia, Brazil, Aug. 8. (By Mail to New York)—There are 365 churches in Brazil and it looks like some of the Bahia belles number their skirts by the sacred edifices. Paris and New York have nothing on Bahia when it comes to that "hoops, my dar" effect.

The women seem to run to skirts, whereas the men just run after them. This bouffant neither effect, topped off with a nifty little combing jacket and gayly hued shawl draped carelessly over the left shoulder is considered a toilette de luxe in Bahia.

The styles are a bit extreme in this Brazilian port, however. Where some petticoats seem numberless, yet again some seem to number less than nothing. Their motto seems to be "If you must do it, go the limit." If you must skirt the properties do a good job and call it a dozen.

If you must wear a hat, wear a HAT. The Bahian bonnet certainly makes our alleged picture or garden hat or our erstwhile Merry Widow look like a pill box.

Even in motoring, these huge straw or shirred chiffon hats are vaunted and flaunted.

On the other hand, or rather, head, a bandanna suffices, or the week's wash or the family firewood. I even actually saw one totting a neatly balanced coffin.

Twould seem that everything goes to the head in Bahia—even the fauna.

A chic and very popular effect in

an afternoon hat is an osier basket heaped high with green bananas. Where have we anything on the Bahian belles with our fruit trimmed chapeaux of this summer I'd like to know?

The fruit woman on the corner, with her fruit basket piled high with mangoes, pineapples and oranges knows not the terror of a milliner's bill. She deftly hoists her stock in trade and in basket to the top of her coiffure and moves on to the next stand, or rather, squat.

The color line is drawn neither in fashions nor in families in Bahia. Out of a population of about 200,000 about 150,000 are fast black and the rest a bit shady. They seem especially adapted to mourning effects and even the babies are matched up with sable garments at the slightest bereavement.

For the short trousered and short skirted, young socks are quite the rage and a neat and original touch is obtained by wearing the Boston garter in the open.

The scented and gold tipped cigarettes of our effete New York and London Lady Nicotines are spurned in Bahia. Here again their motto prevails. If you smoke, smoke a real smoke. Hence, short back cigars and fat black pipes are smoked.

As for us maids as we took launch back to the good ship Verdi, most of us were wearing marmoset fur in the rough—so very rough indeed that this morning we were wearing marmoset bites. These tiny little chattering monkeys are exterminated as pests in Bahia or else sold to guideless tourists for a dollar apiece. The tourists all bite and so do the marmosets.

Thus do we bear away the mark of Bahia simply by carrying Bahian monkey business on board.
